	Date of manufacture
	Medical Device
	Observe safety instructions
	Maximum user weight in kg
	Declaration of Conformity
	Caution, danger of entrapment
	Check the user manual
	Product recycling information
	Recycling centre
SN	Product serial number
LOT	Product batch number
REF	Product reference or code

3.- Product use

Walkers are aids to help people with walking difficulties and assist them to support themselves and keep their balance while walking.

4.- Product description

1. Rubber grip
2. Adjustable grip tube
3. Height adjustment clip
4. Front wheels
5. Rear wheels

5.- Warnings and safety

Failure to follow these safety precautions may result in serious injury.

- Do not exceed the maximum weight limit of 80 kg.
- Indoor walker. Not suitable for use on surfaces that are not level side-to-side.
- Make sure all parts are securely fastened and in good working order before using the walker.
- Make sure the walker is completely open before use.
- Make sure that the two grips are fixed by the adjustment clip and are both at the same height. Check that the walker is stable before putting your full weight on the handles.
- Only use the walker on flat, solid surfaces.
- Replace the wheels and ferrules if they are badly worn or damaged.
- Do not use the walker to overcome sidewalks or kerbs.
- Do not use the walker on stairs or escalators.
- Use only original Forta brand accessories and parts.
- Do not use the walker to walk backwards, in the opposite direction to the direction you are facing.
- Do not make any adjustment or change to the walker while it is in use.

- All wheels and ferrules must be in contact with the ground at all times.
- Do not use the walker to mount curbs or sidewalks.
- Do not use the product on wet, icy or snowy inclines.
- If any part is damaged, broken or worn, contact your distributor for a replacement.

6.- Assembly and use

1. Height and width of grips can be adjusted with a 6 mm Allen key. They can rotate through 360°.
2. The small wheels must be at the front in the direction of travel. The walker should be on the child's back. Stay with the child until they are able to use the walker competently.
3. Automatic brake to avoid going backwards. It can be deactivated by pressing on the rotation pins and taking the brake off.

The walker should be cleaned weekly with a damp cloth. Remove anything on the wheels like threads, hair or dirt.

Instructions for adjusting the height of the walker:

1. Loosen the cams on both parts.
2. Remove the clips and position according to the child's needs.
3. Tighten the cams and position the clips. Check that they are correctly positioned.

7.- Technical Specifications

Dimensions, load-bearing capacity and weights are listed below:

GRIP HEIGHT	MAX. HEIGHT TURNING GRIPS	LENGTH
500 - 665mm	875mm	555mm
WIDTH	FRONT WHEELS DIAM.	REAR WHEELS DIAM.
610mm	150mm	200mm
MAXIMUM LOAD		WEIGHT
80kg		7,500kg

8.- Care and maintenance

Failure to care for and maintain the product in perfect condition may lead to the risk of an accident.

- Clean the product regularly with warm water and a soft cloth. Do not use abrasives, detergents or solvents.
- Wipe dry with a clean, soft, dry cloth.
- Make sure there is no build-up of dirt or hair around the axle or wheels.
- Do not use cleaning agents containing phenol or chlorine, which might damage the materials.
- If the wheels squeak, lubricate them with a little oil.
- In the event of a fault, do not repair the walker yourself. Consult an authorised distributor.

9.- Recycling the product

When the product has become unusable and requires disposal, contact your specialist dealer. If you want to recycle it yourself, ask your local waste management company or nearest recycling centre for advice on disposal.

10.- Storing the product

If not correctly stored, the product may be damaged leading to the risk of an accident.

- Do not store this product for an extended period of time near a heat source or in the sun (e.g. in front of a window or near a radiator) or near a cold source.
- Keep the product away from flames and sparks.
- Store the product as follows:
 - Store the product in a dry, cool place.
 - Protect the product from dust and rust by packaging or bagging it.
 - Store all removed parts or components together in one place so they do not get mixed up with anything else or get lost.
 - Do not place any weight on any components (do not place heavy objects on the product or on any component).

11.- Useful life

The expected useful life of the product is 1 year in normal conditions of use, safety and maintenance. After that time, the product can be used as long while it remains in perfect conditions of use and maintenance. Some parts or components may in any event have to be replaced due to normal wear and tear within less than this time.

12.- Warranty and after-sales service

Warranty terms and conditions:

Only original Forta products purchased from authorised dealers are covered by the warranty against defects in parts and workmanship.

The warranty runs from the date of purchase for 3 years for structure and components subject to the following conditions:

- Only original FORTA products purchased from authorised dealers will be covered by the warranty against defects in parts and workmanship.
- The purchasing establishment must give notice of any defect in the product immediately.
- The manufacturer will not have any liability for defects caused by improper handling, negligence or failure to follow the instructions set out in this manual.
- During the warranty period, any part that proves defective due to faulty assembly or materials will be repaired or replaced free of charge by Forta.
- The warranty will be absolutely void if incorrect modifications or adjustments are made to the product or if parts or options not supplied for the product model are fitted.
- Damage from rust caused by misuse or negligence or the action of any liquid or gas that may damage the product are excluded from the warranty.

THE WARRANTY DOES NOT COVER THE CONSEQUENCES OF ANY TRAVEL PROBLEM, IN PARTICULAR ISSUES RELATING TO TRANSPORT, LOSS OF PROFIT, EXPENSES, ETC.

Forta will have NO liability in the following circumstances:

- Normal wear and tear of the product or inappropriate or incorrect use.
- Defects in any assembly or repair carried out by the purchaser or a third party.
- Negligent handling or maintenance or use of unsuitable parts.
- Repairs or modifications carried out in non-official workshops.

- Forta will have no liability for any harm or loss suffered by the user or any third party as a result of any modification to or alteration of any product.
- The warranty also excludes modifications made other than with original Forta parts.

The warranty certificate must be sent to FORTA, S.L. together with a photocopy of the purchase invoice within 15 days from the date of purchase. To validate the warranty, the user must submit the warranty certificate bearing the stamp the seal of the outlet that sold the product. You can download the warranty certificate here: <https://www.fortasl.es/manuals/doc/GARANTIA%20CONTRACTUAL.pdf>.

13.- Tests and trials carried out

FORTA products comply with Annex IV to MDR (EU) 2017/745, are CE marked and have been designed and tested in accordance with UNE-EN ISO 11199-1:2022. Forta is obliged to certify compliance by its products with a number of essential requirements. There is a standard that specifies the inspection and testing methods to show compliance of the products with those requirements. The standards that the product complies with are listed below:
